# Managing your COVID-19 vaccine on Walgreens.com

**1** You can update your existing appointment by following the **Edit or cancel appointment** link in your confirmation email or by going to [walgreens.com/covidvaccine](https://walgreens.com/covidvaccine) and clicking [Get started](#)

**2** To continue, log in with the Walgreens.com account used to schedule the original appointment **(A)**

**3** Once you're logged in, you will see details regarding your currently scheduled appointment **(B)**

**\*Note** – if 48 hours have passed, your originally scheduled appointment may have been marked as a “no show” and you may see “You don’t have any appointments scheduled”. Please proceed by scheduling a new appointment.

**4** To cancel your appointment, simply click **Cancel** and confirm. If you need to reschedule your appointment, select **Edit**.

**5** To edit your appointment, you will need to review details previously provided and [Select your store](#) where you will receive the vaccine.

**6** Search for the store using zip code, address, or city/state **(C)** and click [Select this store](#)

**7** After you select your store, you will be able to select a new appointment by selecting your desired **Date** and **Available time (D)**

**8** Review updated appointment details are correct **(E)** and click [Confirm appointment](#)
